TELEPHONE TOWN
POPULATION 1952
16,670

NOW 26,560

Four years ago we published the advertisement above as a reminder that the men and women who work for General Telephone are good citizens and good neighbors.

We wanted you to know, too, that much of the money you pay for telephone service goes to these people for salaries and wages and therefore comes right back to be spent in your community.

Four years ago there were 16,670 men, women and children in the families that make up General's "Telephone Town." Now that number has grown to 26,560.

In 1952 our monthly payroll averaged \$1,500,000. Last month our employees' earnings totaled \$2,914,257.68.

Three years from now, by mid-1959, we expect the population of our "Telephone Town" to exceed 37,500 people as a result of our \$237,000,000 expansion program now in progress.
